RIDAM JAIN

FRONTEND DEVELOPER

ABOUT

Highly motivated and passionate web developer with expertise in React framework, seeking challenging opportunities to expand my skill set and contribute to innovative projects. Committed to continuous learning and staying up-to-date with the latest technologies to deliver exceptional web solutions.

PROJECTS

August 2022 - August 2022

Summer Internship

EVENT MANAGER

During my first-year summer internship, I had the opportunity to create a dynamic event management website using HTML, CSS, and JavaScript. This website highlights my expertise in HTML, CSS, and JavaScript, while also emphasizing my ability to create engaging and user-centric websites.

March 2023 - March 2023

Notes Maker

I am thrilled to highlight my ReactJS first project, a note maker application, that I developed using ReactJS and Firebase. This project allowed me to demonstrate my proficiency in front-end development and showcase my ability to integrate a real-time database for seamless data storage and retrieval. It helps people to make notes and save them.

April 2023 - May 2023

LocalLynx

During my web development journey, I undertook an exciting project that aimed to bridge the gap between people and local businesses in their vicinity. I developed a dynamic and user-friendly website using ReactJS and Firebase called Local lynx. This platform serves as a comprehensive resource for nearby or new residents to discover businesses and facilities in their area and leverage them according to their preferences.

April 2023 - May 2023

Portfolio

Created My own portfolio website showcasing my skills, projects, and achievements. Utilized ReactJS, HTML, CSS, and JavaScript to create an engaging and visually appealing user interface.

SKILL & EXPERTISE

Programming Languages

C, C++, JavaScript

Libraries/Frameworks

ReactJS
